Nursery Newsletter

Spring Term

Welcome back! We hope that you have all had a lovely half term break and we hope that the children are ready to start our next learning challenge topic.

This half term, the children will be learning about where they live and how toys change over time. To help the children understand where they live we will be organising a visit to Hanley Park to look at how the park has changed over the years. More information regarding this trip will be sent out soon.

Literacy

In Literacy, we will continue to listen to the sounds in words and will begin to blend the sounds together to make words.

The children have been very busy learning our new Read Write Inc picture cards and will soon begin to learn the letters and their sounds.

More information will be shared at Parents Evening and at a Phonics Parents workshop that will be scheduled during the spring term.

Maths

In maths, we shall be continuing to learn the numbers 4 and 5. The children are beginning to understand that numbers mean "how many" and are beginning to understand that the last number reached when counting a small set of objects tells you how many there are in total.

You can help your child by helping your child to count at home and looking for numbers when out.

We shall also begin to teach the children about height, weight and mass.

Reading

This half term, the children will bring home their own reading book. This will be a book that does not contain any words and the children will need to talk about the pictures.

We shall continue with our library sessions every Friday.

A reading book meeting will be scheduled soon.

Please read every night with your child at home.

Spare Clothes

Please make sure that your child has plenty of spare clothes in their bag.

If your child is unwell then please ring the nursery on 01782 237125

Reminders

PE

Please make sure that your child comes to school in their PE kit on a Friday.

Library

Please make sure your child brings their Library book every Friday!
